Summary

■ Hello! My name is Ankit Tiwary (He/Him), and I am a committed B.Tech student at LNCT, expected to graduate in 2027. My hands-on experience has built a solid base in software engineering, with a focus on front-end web development, back end technologies, and proficiency in programming languages such as C++, Java. I am passionate about coding and problem-solving, particularly in Data Structures and Algorithms.

Skills

</> Frontend Web Development: Expertise in building responsive web interfaces using HTML, CSS, JavaScript, and React.

📁 Programming Languages: Proficient in C++ and Java with a strong focus on writing clean and efficient code.

🧩 Data Structures and Algorithms: Applying DSA concepts to solve real-world problems with optimized code.

Certified Courses/Workshops

- Fundamentals of JAVA Programming by Coursera.
- Data Structure and Backend with JAVA by Coursera.
- Data Structure and Algorithm with Python By Udemy.

Education

LNCT Group of Colleges

September 2023

Bachelor of Technology - BTech, Computer Science

I am a driven B.Tech Computer Science student at LNCT Group of Colleges, set to graduate in 2027. I completed high school at BD Public School, Patna in 2022, building a solid foundation for a career in technology.

Projects

■ A Basic Calculator

■ Rock Paper Scissor Game

■ Tic Tac Toe Game

■ Portfolio Website
